# Abbey Catholic Primary School

Maths Scheme of Learning

The aim of the document

The aim of this document is to give an at-a-glance guide to the school mathematics curriculum for the whole year.

In each of the major topic areas (Number, Measurement, Geometry and Statistics), the curriculum has been broken down into small steps, which are then taught in lessons.

We hope that this document gives you an indication of what your child is being taught during Maths at school and when.

Although the school will endeavour to follow this guide, please be aware that occasionally the order to the curriculum areas taught may vary as a result of assessment of learning that may have taken place.
